### Purpose of Committee

The Risk Committee (the “Committee”) is established by the Board of Directors (the “Board”) of Park National Corporation (“Park”) to assist the Board in monitoring management’s implementation and maintenance of Park’s enterprise-wide risk management framework.

### Membership

The Committee shall consist of members of the Board and shall be comprised of at least three directors. Each member of the Committee shall be determined to be independent for purposes of serving on the Committee in accordance with the independence standards specified in Section 803 and any other applicable sections of the Company Guide of NYSE American or other corporate governance requirements of NYSE American, Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and any other standards of independence as may be prescribed under any federal securities, tax, banking or other laws or regulations relating to the Committee’s duties and responsibilities. All Committee members must be financially literate as determined in accordance with applicable corporate governance requirements of NYSE American, and at least one member must have experience in identifying, assessing, and managing risk exposures of large, complex financial firms.

The members of the Committee shall be appointed annually by the Board, on the recommendation of the Nominating and Corporate Governance Committee, and shall serve at the pleasure of the Board. A majority of the full Board may, at any time and in its discretion, replace a Committee member. The Board shall designate a Chair for the Committee, on the recommendation of the Nominating and Corporate Governance Committee, who shall serve at the discretion of the Board.

### Operations and Structure

The Committee shall meet in conjunction with the regularly scheduled Board meetings of Park, or as the members of the Committee otherwise deem necessary, but not less than on a quarterly basis. The Committee may have in attendance at its meetings such members of management of Park or others as the Committee may deem necessary or desirable to carry out the Committee’s duties and responsibilities. The Committee shall meet in executive session as part of all regular Committee meetings, as it deems necessary. The Committee may meet with Park’s Chief Risk Officer (“CRO”) and/or any other member of management that the Committee deems necessary as part of these executive sessions. A majority of the members of the Committee shall constitute a quorum for the transaction of business. The action of the Committee by a majority of its members at a meeting at which a quorum is present shall be the act of the Committee. The Committee may also act without a meeting if all members of the Committee consent to the action in writing or by means of an electronic or other transmission permitted under applicable law and Park’s governing documents, and the same is filed with the minutes of the proceedings of the Committee. The Committee may from time to time appoint another director who satisfies the requirements for membership on the Committee to act in the place of an absent Committee member on an ad hoc basis.

The Chair of the Committee shall designate a secretary who may be a non-Committee member to record the minutes of the meetings. Minutes of the Committee shall be prepared and maintained with the minute books and records of the Board.

The Committee shall prepare and provide the Board with an annual performance evaluation of the Committee, which evaluation shall compare the performance of the Committee with the requirements of this Charter. The performance evaluation by the Committee shall be conducted in such manner as the Committee deems appropriate.

To ensure appropriate oversight of risk and other issues without unnecessary duplication, the Committee may meet jointly with other Board committees to discuss matters of common interest as deemed appropriate by the respective committees.

### Duties and Responsibilities

The Committee shall have the following duties and responsibilities:

- Ensure that Park has in place an appropriate enterprise-wide process, which may include development of specific policies, to identify, assess, monitor, control and report Park's credit, market, liquidity, operational, IT/IS (including cyber-security, information security, and third-party risks), legal, compliance, strategic (including capital management), and reputational risk.

- Review regulatory findings directed to the Board's attention, assess the adequacy of management's response to material regulatory findings, and monitor compliance with management's response.

- Perform and document an annual independent performance evaluation of the CRO.

### Committee Reports

In conducting its responsibilities, the Committee has the authority to request any report or information from management of Park or any of Park's subsidiaries as the Committee members deem necessary to fulfill the Committee's responsibilities. At a minimum, the Committee will receive reports that are germane to those items stated in the Duties and Responsibilities section.

### Resources and Authority

The Committee is empowered to investigate any matter brought to the Committee's attention, or initiated on its own, with full access to all books, records, facilities, and personnel of Park and Park's subsidiaries. The Committee may also work with other committees of the Board, or the Board directly, to investigate matters of interest to the Committee.

The Committee has the authority to engage independent legal, accounting, and other advisors as the Committee determines necessary to carry out the Committee's duties and responsibilities, with Park to be responsible for payment of reasonable compensation to such advisors. Park will provide appropriate funding, as determined by the Committee, for payment of reasonable compensation to any advisors that the Committee chooses to engage, and for payment of ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out the Committee's duties and responsibilities.

In addition to the policies specifically mentioned within this Charter, the Committee has the authority to request that management of Park and/or of the subsidiaries of Park develop and implement any additional procedures, as the Committee deems appropriate. The Committee may also refer recommendations for policy changes to the Board or the Executive Committee of the Board.

### Reporting to the Board

The Committee shall report material information generated pursuant to the Committee's activities to the Board on a quarterly basis and, where appropriate, the Committee's recommendations for action by the Board. Certain actions by the Committee may be similarly reported to the Board. The Committee will provide to the Board, when appropriate, any reports necessary to allow the Board to monitor the activities of Park.

### General

In performing their duties and responsibilities, Committee members are entitled to rely in good faith on information, opinions, reports or statements prepared or presented by:

- One or more officers or employees of Park or subsidiaries of Park, whom the Committee members reasonably believe to be reliable and competent in the matters prepared or presented; or
