## REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Plan Participants and Plan Administrator of the Park National  
Corporation Employees Stock Ownership Plan  
Newark, Ohio

### Opinion on the Financial Statements

We have audited the accompanying statements of net assets available for benefits of Park National Corporation Employees Stock Ownership Plan (the "Plan") as of December 31, 2018 and 2017, the related statements of changes in net assets available for benefits for the years then ended, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2018 and 2017, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

### Basis for Opinion

These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on the Plan's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Plan in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

### Supplemental Information

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4j – Schedule of Reportable Transactions as of December 31, 2018 and for the year then ended have been subjected to audit procedures performed in conjunction with the audit of Park National Corporation Employees Stock Ownership Plan's financial statements. The supplemental schedules are the responsibility of the Plan's management. Our audit procedures included determining whether the information presented in the supplemental schedules reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental schedules. In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental schedules are fairly stated in all material respects in relation to the financial statements as a whole.

/s/ Crowe LLP

Employees Stock Ownership Plan  
Notes to Financial Statements  
December 31, 2018 and 2017

---

## **1. Description of the Plan**

The following description of the Park National Corporation Employees Stock Ownership Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

### **General**

The Plan is a defined contribution plan covering full-time or part-time employees of Park National Corporation and subsidiaries (“Park”) who have completed 30 days of service, and are age eighteen or older. In the event that a Participant fails to make a new affirmative deferral election, such Participant shall be deemed to have made a pre-tax deferral election equal to 3% of compensation per pay period. Auto enrollment is only applicable for employees who became participants on or after January 1, 2014. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

### **Contributions**

Each year, participants may contribute up to 25% of their pretax annual compensation, as defined in the Plan. Beginning January 1, 2014 the Plan introduced a Roth investment option which allows for after tax contributions. Participants may also contribute rollover amounts representing distributions from other qualified defined contribution plans. The maximum salary deferral permitted by the Internal Revenue Code (“Code”) was \$18,500 for 2018 and \$18,000 for 2017. The Plan also permits participants who are age 50 or older to make catch-up contributions in accordance with Code Section 414(v).

Park provides a matching contribution at a level established annually by Park. Prior to March 1, 2018, Park’s employer matching contribution was 25% of all employee KSOP contributions, excluding any catch-up contributions. Effective March 1, 2018, Park’s employer matching contribution was increased to 50% of all employee KSOP contributions, excluding any catch-up contributions.

### **Participant Accounts**

Each participant’s account is credited with the participant’s salary deferral, an allocation of Park’s contribution and Plan earnings, and charged with participant withdrawals. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

### **Vesting**

Participants’ accounts are 100% vested at all times.

Park National Corporation  
Employees Stock Ownership Plan  
Notes to Financial Statements  
December 31, 2018 and 2017

---

**Payments of Benefits**

Upon termination or after age 59½, a participant may elect lump sum, rollover, or installments over a period not to exceed the participant's (and their designated beneficiary's) life expectancy in an amount equal to the value of his or her account. A participant can elect to take a distribution of their account balance in cash or shares of Park National Corporation Common Stock.

**Employees Stock Ownership Plans ("ESOP")**

Effective January 1, 2002, the Plan was amended and restated to become an ESOP that invests in shares of Park National Corporation Common Stock. The Plan is not leveraged and all new contributions (both employer and employee) will be used to purchase only Park National Corporation Common Stock. Participants are permitted to diversify their investments on a quarterly basis. The Plan's investments are held in trust by The Park National Bank, a wholly owned subsidiary of Park National Corporation.

**Reclassification**

Certain prior year amounts have been reclassified to conform with the current year presentation.

**2. Summary of Accounting Policies**

**Basis of Presentation**

The financial statements of the Plan are prepared on the accrual basis and are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

**Valuation of Investments**

The Plan's investments are reported at fair value. Refer to Note 9 - Fair Values. Purchases and sales of securities are recorded on a trade-date basis.

**Investment Income**

Dividends are recorded as of their ex-dividend date. Interest income is recorded on an accrual basis when earned. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Park National Corporation  
Employees Stock Ownership Plan  
Notes to Financial Statements  
December 31, 2018 and 2017

---

**Administrative Expenses**

All administrative expenses charged to the Plan are borne by Park. Park also provides other accounting and administrative services to the Plan. Investment management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of the investment return for such investments.

**Payment of Benefits**

Benefits are recorded when paid.

**Use of Estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of investment income and expenses during the reporting period. Actual results could differ from those estimates.

**Concentration of Credit Risk**

At December 31, 2018 and 2017, approximately 62% and 66%, respectively, of the Plan's assets were invested in Park National Corporation Common Stock.

**3. Plan Termination**

Although Park has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Employees Stock Ownership Plan  
Notes to Financial Statements  
December 31, 2018 and 2017

---

**4. Nonparticipant-Directed Investments**

The following information represents the assets and the significant components of changes in assets related to the Plan's investment in Park National Corporation Common Stock, an undetermined portion of which is nonparticipant directed based upon Plan provisions. Initial contributions are deposited into the Plan in the form of cash with shares of Park National Corporation Common Stock purchased on a delayed basis.

	December 31,	
	2018	2017
<b>Investment, at fair value:</b>		
Park National Corporation Common Stock	\$ 75,669,382	\$ 92,696,448

Park National Corporation  
 Employees Stock Ownership Plan  
 Notes to Financial Statements  
 December 31, 2018 and 2017

---

**5. Income Tax Status**

The Plan has received a determination letter from the Internal Revenue Service dated August 19, 2014, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the “Code”) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since receiving the determination letter. However, Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

GAAP requires plan management to evaluate tax positions taken by the Plan. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

**6. Party-in-Interest**

The Plan held the following party-in-interest investments (at fair value):

	December 31,	
	2018	2017
Park National Corporation Common Stock	\$ 75,669,382	\$ 92,696,448
The Park National Bank FDIC Account	2,758,762	2,600,489
	\$ 78,428,144	\$ 95,296,937

At December 31, 2018, the Plan held 890,752 shares of Park National Corporation Common Stock, with a fair value of \$75,669,382. At December 31, 2017, the Plan held 891,312 shares of Park National Corporation Common Stock, with a fair value of \$92,696,448.

During 2018 and 2017, cash dividends of \$3,594,122 and \$3,370,640, respectively, were paid to the Plan by Park National Corporation.

At December 31, 2018 and 2017, the Plan held a participant-directed interest bearing account issued by The Park National Bank of \$2,418,058 and \$2,365,860, respectively. At December 31, 2018 and 2017, the Plan held nonparticipant-directed, interest-bearing accounts issued by Park National Bank of \$340,704 and \$234,629, respectively. During 2018 and 2017, interest of \$42,593 and \$20,644, respectively, were paid to the Plan by The Park National Bank.

During 2018 and 2017, the Plan purchased 77,575 shares and 43,923 shares, respectively, of Park National Corporation Common Stock.

Park National Corporation  
 Employees Stock Ownership Plan  
 Notes to Financial Statements  
 December 31, 2018 and 2017

---

**7. Form 5500 Reconciliation**

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500.

	December 31,	
	2018	2017
Net assets available for benefits per the financial statements	\$ 121,752,362	\$ 141,432,439
Less: Accrued interest and dividends	(66,122)	(11,369)
Net assets per the Form 5500	\$ 121,686,240	\$ 141,421,070

The following is a reconciliation of net change in net assets available for benefits per the financial statements to the Form 5500:

	2018
Net decrease in net assets available for benefits	
per the financial statements	\$ (19,680,077)
Less: Accrued interest and dividends	(66,122)
Plus: Prior year accrued interest and dividends	11,369
Net loss per the Form 5500	\$ (19,734,830)

**8. Risks and Uncertainties**

The Plan invests in various investment securities including Park National Corporation Common Stock, mutual funds, and interest bearing accounts. Investment securities are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**9. Fair Values**

GAAP defines fair value as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. GAAP establishes a fair value hierarchy which requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Park National Corporation  
Employees Stock Ownership Plan  
Notes to Financial Statements  
December 31, 2018 and 2017

---

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The fair values of mutual fund investments and common stock are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs). Additionally, due to their short-term nature, the fair value of interest-bearing cash balances are determined by reference to their face value (level 1 input). The fair value of all of the investments held by the Plan have been determined using Level 1 inputs (refer to the Statement of Net Assets Available for Benefits).

There were no transfers between level 1, level 2 or level 3 during 2018 or 2017. Management's policy is to transfer assets from one level to another when the methodology to obtain the fair value changes such that there are more or fewer unobservable inputs as of the end of the reporting period.
